There have been a lot of speculations about the postponement of the 78th Annual General Meeting and the Managing Committee election. In order to make you all aware, we present the circumstances that led to the postponement of the AGM.

One of the contestant of the coming election of the Managing Committee who was neither the participant in the JCM Print Circuit, Mumbai nor present in the PSI premises on the day of judging had given a false complaint to FIP about some malpractice at the time of judging. On being asked by FIP, we totally denied the allegations on the following grounds

- 1) If anyone had seen any malpractice at the time of judging then why was it not brought to the attention of the judges there and then? This would have cleared all the doubts as the judges could have given their verdict on the spot.
- 2) As I had some PSI work to be completed, I was present in the premises of PSI and in between I would witness the judging as and when I got time. If any malpractice had taken place then why was it not brought to my notice that day?
- 3) The complainant had used demeaning language against our Hon. Jt. Secretary though the complainant was not present at the time when the so called malpractice took place. Does this not point that there is some personal score to be settled?
- 4) Moreover, if anyone had any complaint then the same should have been taken up immediately. But in this case, complaint was made after 12 days. Does this not give rise to doubt that this is a well thought out plan?

All the above circumstances are sufficient to prove that no malpractice had taken place and that it is a well thought out strategy to malign the name of the Hon. Jt. Secretary of PSI. We had brought these facts to the notice of FIP and what followed was a series of exchange of mails leading to a strained relation between PSI and FIP.

The complainant instead of first complaining to PSI or to the circuit organizer went directly to FIP which certainly raises doubts about the intention of the complainant who succeeded in creating a rift between PSI & FIP.

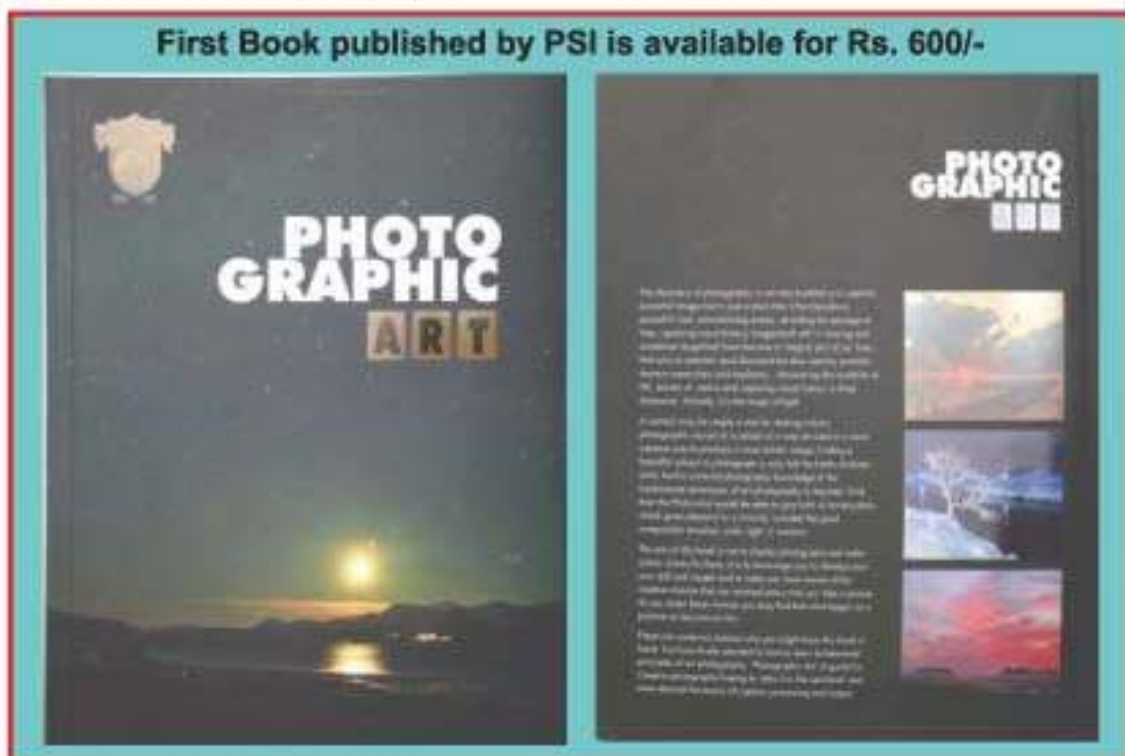

We were forced to postpone the AGM and the Managing Committee election, as the complainant was one of the contestants of the election and the complaint apparently appeared to be more of a personal grudge. We wanted the issue to be sorted as most of the present committee members are not contesting the election.

The exchange of mails had stretched to such an extent that no end seemed to be in place. In the end we tried our best to settle the matter and decided not to pursue it further, in the larger interest of PSI.

As we are not pursuing the matter with FIP from our side, we have decided to call for the Annual General Meeting and the Managing Committee election on 27th August 2015. In the meantime I have received letter calling for the Extra Ordinary General Meeting. As it has already been decided to hold the AGM on 27th August 2015, I do not feel the necessity to call for Extra Ordinary General Body meeting as it will further delay the AGM and the Managing Committee election.

ASHISH BIST
PRESIDENT

First Book published by PSI is available for Rs. 600/-
